LEFT FOR THE UNVEILING.

Lee Camp and the Richmond Bines Have Gone to Lexington.

A VERY LARGE CROWD AT THE DEPOT.

Ten Conches Carried the Excursionists... Stonewall Camp of Portsmouth Joined them in Richmond.

Last night the corner of Seventh and Broad gireets was the centre of interest for the crowd which generally fills the sidewalks of the big, wide street between the hours of 6 and 9 in the evening.

Even the most casual observer might have guessed that something unusual was going on, or the throng was large and representative, and hovered about one particular spot-the entrance to the hall of R. E. Lee Camp.

The cause of this popular assembly was the fact that Lee Camp was scheduled to leave the hall at 9 o'clock for the train, on its way to the Jackson statue unveiling at Lexington,

By a o'clock the sidewalk on the south side of Broad street, between Eighth and Ninth, was blocked with people, and passage up or down the street by that route was almost im-

he gray coats and white hats of Lee Camp were everywhere present in the throng, and, in fact, the old soldier element was largely pre-joinment. Some of the veterans stood together little groups and discussed the corp, others were in the very bosom of family, so to speak, and were centres of admiring audiences of women and children their wives, sons and daughters who had come to hid them good-bye, or, perhaps, accompany them on their railway ride up the Valley of the James.

GOOD-RUMORED SIGHT-SEERS. But the crowd was not confined to the men of the camp and their friends by any means. There were hundreds of people who were attracted to the vicinity merely by the desire to

tracted to the vicinity merely by the desire to see the parade, and the ubiquitous and everidle negro race was of course largely represented, for what would any parade in the South be without colored accompaniment.

The crowd was a thoroughly good-humored one. They jostled each other with democratic familiarity, and were jostled in turn without losing their temper, for everybody knew that everybody else meant well.

Shortly after 9 o'clock the Richmond Light Infantry Blues, who were to escort the camp to Lexington, marched up Broad street preceded by their band, and halted near the corner. They were in heavy marching order, wearing their fatigue uniforms and their big regulation knapsacks.

On a side track was a special train from Norfolk, in which was Stonewall Camp, of Portsmouth, and many people from the cities around Hampton Roads.

The Blues now had their innings. If at broad street Lee Camp's friends were particu-larly prominent, here the boys' friends predominated. There were young men who had come to bid their chums "adois," and girls who were about to part for three whole days with some dear, particular young man.

After very little delay the two organizations were gotten into their cars, and everything made in readiness for the trip. Knapsacks were unslung, grip-sacks safely stored away and everybody got ready for the eight-hour

There were quite a number of prominent Chesapeake and Ohio phicials engaged in launching the train. Captain G. Cush. Dame, traveling passenger agent; John S. Potts, division passenger agent; and Charles C. Walker, division superintendent, flitted about the tracks with lanterns in their hands and

Finally at 10:20 the train pulled out of the depot, while the band played "The Girl I Left Behind Me," and the crowd slowly dis-

persed.

The train was made up of a baggage car, seven coaches and three sleepers, all of which were well filled. Altogether Lee Camp carried about 150 men

Only two hours were consumed, and justice was as thick as roses in May. Just before Justice John took his seat upon the bench, a bag of chickens was opened, and immediately they flew about the room. A brown pullet soared across the room and perched upon the transom of his Honor's private office. Unlike "The Raven," this pullet said nothing, but about one hundred and fifty negroes reached hands of every shade for it, and the bag that once knew it saw it "nevermore."

He was a man of ability, great sturdiness of character and unblemished integrity. It is hardly necessary to say that he was beloved by all who knew him. Mr. Wallace was past revent of Union him. SUNDAY IN THE CHURCHES.

The Work of the Young Men's Christian Association.

A LARGE GATHERING OF BAPTISTS.

A Large Number from Richmond Will Go To Newport News-Many Pastors Out of the City and Several Churches Closed.

The exodus from city to mountain and sea has its numerous representatives among the clergy of Richmond as well as in all other branches of the professions. Sunday was more marked by the number of pastorless churches than by any unusual religious events. The churches open, however, were in some instances full to overflowing, and all had fine congregations. The beauty of the weather had much to do with the outpouring of the people

both morning and evening. The services at the First Presbyterian church were largely attended at both services. The morning service was especially interesting on account of the administration of the com-

munion to a large congregation and the admission to membership of nine persons. Dr. Kerr, the pastor, officiated.

Dr. S. A. Goodwin, of Grove-avenue Baptist church, preached the dedication sermon of a new church at Onancock Sunday morning. His pulpit was filled in the morning by Pro-

The denomination of Christians in this city and Manchester were without preaching on Sunday, all of the pasters of the various churches being away either on vacation or by engagement at other points. Rev. L. A. Cutler, of Marshall-street church, was in attendance upon the district co-operation attendance upon the district co-operation meeting in Franklin county. Rev. Jabez Hall, of the Seventh-street church, is visiting friends in Ohio, and Rev. E. A. Cole, of the Third church, is in Indiana on a like mission. Rev. I. J. Spencer, of Cowardi navenue church, Manchester, is still in Clifton Forge holding a successful revival service. The several churches in the city were open for communion services in the forenoon, and the administration was made through the regular

officers of the church. The ministers' conference of the Baptist churches of the city met at the Second church as usual yesterday morning, and after the transaction of business for the week, ad-journed for three months. This was done on account of the small number of pastors who will remain regularly in the city during the

Secretary Candlish continues to keep his weather eye open to discover any defects in the several departments of the Association building. Under his direction the gymnasium and the several apparatus in it have been repainted. The floors of the reading-room and library also have received new coats

of paint. The paint has been kindly donated by C. W. Tanner & Co. is probable that Professor Horace F. Smith, who will take charge of the gymnasium by September 1st, will reach here in the latter part of August to become thoroughly familiar with the workings of this department

before the season opens.

Mr. Candlish intends to have a receptacle for valuables provided in his office, where the members of the gymnasium can leave their watches and other valuables during the time

of their exercises. An attractive card has just been issued by Mr. Candlish, stating briefly the advantages to be derived from the membership. Atten-tion is called to the fact that on and after September 1st the membership fee will be raised to \$7. Among the attractions during the coming winter the gymnasium certainly will occupy a prominent part. Classes will be conducted by Professor Smith for professional men, business men, young men, boys, and also a class for developing leaders in gym-

The educational classes will comprise stenography, type-writing, book-keeping, pen-manship, arithmetic and probably a class in vocal music. All instructors have been re-quested by Mr. Candlish to see that their classes are only attended by those who have come to receive the instructions which are offered to them gratuitously. Any young man who should show himself guilty of frivolity will be asked to leave the educational classes. Members of the different classes will be charged one dollar at the beginning of the term of each class. This amount will be re-turned at the close of the term to those who

have been regular in their attendance. The entertainment course during the winter will represent the ablest talent on the American platform, such as the Schubert Quartette, Imperial Quartette, Rutgers College Glee Club and Wing Sisters. In a dition there will be about ten other entertainme tsequally as good for which the arrangements have not yet been completed.

Regular Annual Session To-Day at Newport News.

The Dover Association, which is one of the district associations of the Baptist Church of Virginia, will hold its regular annual session virginia, will hold its regular annual session with the Newport News Baptist church beginning at 11 o'clock this morning and will probably continue in session for three days. This Association is the largest and most important of twenty-three such associations in the State, and probably represented. sociations in the State, and probably represents a membership of 10,000. Mr. William Ellyson is the moderator of the meeting. Rev. E. B. Pollard is clerk, and Mr. W. S. Pilcher treasurer. The Richmond Baptists take great interest in the Dover Association, and the city will probably be represented by a delegation of members and laymen to the number of 125. Rev. J. M. Frost, D. D., will preach the introductory sermon, and the Baptist minis-ters of Richmond generally will participate in

the meeting.

Besides the consideration of matters of interest to the local churches, the sessions of the Association will be devoted to the discussion of the educational, benevolent and missionary work of the Baptist denomination in the South. The Dover Association leads all others in the State in its contributions to the general work of the Church. The Times will give daily reports of the proceedings of the Association.

The St. Vincent Roman Catholic church at Newport News was dedicated on Sunday with the customary imposing ceremonies.

the customary imposing ceremonies.

Promptly at 8 o'clock the excursionists from Richmond left the city over the Chesapeake and Ohio railroad. A train of nine coaches, with a baggage car which was used as a lunch-room, was crowded to its utmost capacity. After a pleasant trip the party reached Newport News, and the following line of march was taken up to the new church: Marshal Fritz Sitterding and staff; Catholic Beneficial Society: St. Joseph Society; St. Mary's Social Union; St. Benedictine Society; Conference of St. Vincent de Paul (St. Peter's and St. Patrick's); Catholic Knights of America, Branches Nos. 143 and 162; McGill Catholic Union; West-End Beneficial and Social Society; East-End Beneficial and Social Society; Ancient Order of Hibernians.

bishop van de vyver conducted the dedica-tory services, which were those always adopted in such matters. The Bishop passed around outside of the cherch and sprinkled it with holy water, repeating Psalms as he advanced. Then inside the building the litany of the Saints was rung by the Bishop, the choir responding responding.

The dedication was followed immediately

by a solemn high mass. The celebrant was Rev. Charles E. Donohoe: Deacon, Very Rev. Joseph Frioli, V. G.; Sub-Deacon, Rev. P. Donohue: Master of Ceremonies, Rev. Brother Michael. Following the mass came the ser-mon, which was delivered by Rev. A. J. Mc-Avoy, of Washington, D. C. and which was a powerful and impressive discourse.

The choir of St. Peter's cathedral rendered the music, which was unusually sweet and

well selected.

The church is a pretty wooden building about 70x32 feet and is handsomely painted, it is finely located on the main street, between the city and the great Chesapeake dry-dock. The edifice itself only occupies a portion of the ground owned by the church, and as it grows in membership and increases in financial strength it is intended to build a more substantial and layour knilding and along the chart. substantial and larger building and also to

In the afternoon the excursionists wandered about the hotel park and grounds. The wide verandas surronding the Casino furnished refreshing shade, while hundreds availed themselves of the splendid beach and disported in the rolling surf. The Hotel Warwick is a most delightful place, and its park, casino and bath-houses are as admiratoly adapted to the enjoyment of excursionists as they are calculated to entertain the private traveler.

The Mozart musicale last evening was quite an enjoyable one, the Mundell sisters, of New York, and Frederick J. Bacon, of Manchester. Va., being the attractions. The quartette did some excellent work in their concerted numbers, especially in Buck's arrangement of Annie Laurie, which so pleased the audience as to demand a double recall which was gracefully acceded to by the quar tette. While the song singing was not of the highest order, it was creditably done, Mrs. Sutcliffe being recalled, and in response sang very sweetly the contralto song "In Old Madrid,"

Mr. Fred S. Bacon's banjo playing just seemed to suit the audience, and he was vociferously encored after each number, thus showing that this kind of music has still a strong hold on some of the members of the Association. The audience seemed in good spirits, and
